**Re: Timber Sales  
File No. 507-TM-002**

Dear Brian:

A hearty THANKS! for a job well done selling the timber from the logging operation on the 283-acre tract (507-015-AA). We received your last check indicating completion of the work, and were pleased that the revenues far exceeded expectations. Sometimes in this fast-paced world we forget to show appreciation, and I wanted you to know that P&M does appreciate the job you did.

All the best to you,

**John H. Miller
